PROFESSIONAL SUMMARY

Results-driven full-stack developer with experience in building scalable and performant web applications, seeking to leverage my technical expertise as a Senior Product Manager in an enterprise setting.

EXPERIENCE

- Built responsive web apps with Next.js using SSR for performance and SEO as a Frontend Developer at Navi Telematics Private Limited.
- Partnered with the Design team to launch interactive UI workflows that enhanced user engagement as a Software Developer at A.V Tech IT services.
- Delivered responsive React.js websites for Sustain Mall, enhancing performance and user experience as a Software Developer.
- Built a valuation model with a team of developers to enhance financial forecasting and developed an automated report generation feature to streamline annual financial reporting as a Freelancer at Valueonshore ('VOS') Advisors.

SKILLS

Frontend Development, Amazon Web Service (AWS), Django, Python, Next.js, REST, Cloud Computing, GitHub, API Integration, Web-Designing, Database Management, C, C++, React, HTML, JavaScript
